

Harlow (East Anglia) OR Cornwall (South West)

Based in either our East Anglian office or South West team, with hybrid working.

About HA Acoustics

HA Acoustics is a growing consultancy delivering planning, environmental, architectural, occupational and building compliance services primarily across East Anglia and the South-West.

We deliver:

- Planning noise assessments
- UKAS sound insulation testing
- Festival and event monitoring
- Architectural & building acoustic design
- Noise and vibration monitoring
- Mechanical plant noise assessments
- Noise modelling
- Occupational noise at work
- Educational acoustics

Plus wider consultancy services including:

- Air quality & odour assessments
- Energy, overheating & sustainability
- Building Compliance

Harlow, East Anglia - our office is recruiting a Principal / Senior / Consultant (other grades also considered)

You will lead, manage and deliver high-quality projects within our established Harlow team.

Key Focus:

- Lead complex projects and act as technical lead
- Manage client relationships and provide expert advice
- Oversee delivery and maintain technical quality
- Mentor junior staff and support team development

Cornwall, South West – recruiting a Principal / Senior / Consultant

Join our emerging South West team working across a broad range of projects, particularly within Cornwall.

Key Focus:

- Site surveys & data analysis
- Developing consultancy skills
- Technical reporting
- Equipment maintenance
- Sound insulation testing
- Applying standards & guidance

In either role, you will have:

- Experience
- Strong communication skills
- Relevant degree or IOA Diploma
- Willingness to travel for site work
- Support from the HA team
- Strong work ethic

What we offer

- Competitive salary
- Hybrid working
- TOIL / paid overtime
- Training
- Vehicle or allowance
- CPD support
- Generous annual leave
- Clear career progression
